VIP LEAN SHORE

SENIOR JIRA DEVELOPER

Full Stack Developer | Atlassian Consultant | Backend Developer | Software Developer | Frontend Developer | Jira Expert |

Summary

I am a seasoned Java developer with expertise in Spring Boot. Moreover, I possess hands-on experience with Atlassian Jira software, covering both Server/Data Center and Cloud versions, leveraging the Atlassian Connect framework. Additionally, I have contributed to Selenium Java projects for testing Jira plugins, ensuring their enhanced functionality and reliability.
